Breakfast with Santa

On Saturday December 7th, 2019 Orleans Community Health held our annual Breakfast with Santa event.

Over 90 children along with their families followed the candy trail to decorate their own Christmas cookies. Then the candy trail took them to enjoy our delicious breakfast buffet. After breakfast the kids would then follow the elf footprints to the craft station where they were able to make their very own elf glasses or reindeer glasses to wear as they followed Santa's footprints to see Santa and Mrs. Claus!

Thank you to our incredible OCH Staff, Students and Volunteers that made this wonderful event happen!

Karrie Mikits, Jessica Skowneski, Sarah Bateman

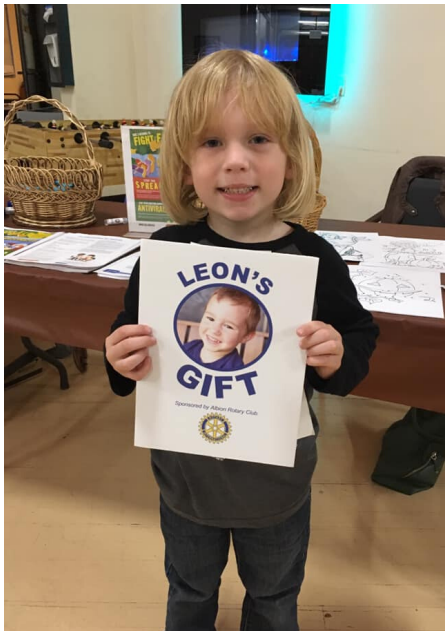
Caring Heart Award

Jessica Skowneski, CNA at Orleans Community Health was recently honored with a Caring Heart Award by the New York Facilities Association. This award is given to a CNA that demonstrates strong work ethic, dedication, leadership, professionalism and ability as a team player.

CONGRATULATIONS Jessica! Orleans Community Heath is fortunate to have you as part of our team!

Say Boo to the Flu

Orleans Community Health along with partnerships with the Orleans County Public Health Department, the Orleans County YMCA, Oak Orchard Health and the Middleport Family Health Center were able to administer over 450 flu vaccinations right here in Orleans County! The 7 "Say Boo to the Flu" Clinics spanned the dates of October 9th, 2019 to November 5th, 2019 ending with a "Vote & Vax" at the Hoag Library.



This is the second year Orleans Community Health has hosted these Clinics to honor Leon Sidari who tragically passed away from the flu on Christmas Eve 2017.

Fun activities as well as flu education materials were available to the children and their families as they attended the clinic and each child left with a goodie bag. A huge thank you to the Albion Rotary Club for raising money at their annual golf tournament for the materials and goodies used at "Say Boo to the Flu".

Erica Chutko and Sue Knutson

National Mammography Day

The third Friday in October each year is National Mammography Day, first proclaimed by President Clinton in 1993. On this day, or throughout the month of October, women are encouraged to make a mammography appointment. Orleans Community Health celebrated National . Mammography Day by **GOING PINK** on Friday on October 18th and our Radiology department handed out gifts to all of the women that had their mammogram throughout the month

Northwing Trick-or-Treats

Northwing hosted local preschoolers for Trick - or - Treating on October 31, 2019. Most of the residents were dressed up and ready with their big bowls of candy when the children arrived. Everyone had a wonderful time!

Community Action Angels

On December 11th, 2019 Orleans Community Health delivered Christmas gifts to Orleans County Community Action for 30 Angels. Thank you to everyone that donated their time and money to obtain these gifts and make Christmas a little brighter for these children!

Wound Care Center Opens at OCH

Healogics®

In December, OCH opened a would care center that has proven success in a caring supportive environment. Healogics is staffed with a unique team of doctors, nurses and therapist all dedicated to healing chronic wounds. There is no longer any reason to live with a non-healing wound. With our caring staff and specialized treatment plans developed just for you, we have what you need to get back on your feet again. We are experts at caring for people whose wounds have resisted traditional treatment. Call us or come by to schedule an appointment.

Phone: 585-798-8176 / 1st Floor @ Medina Memorial Hospital

Narcan Kits/Training Available to the Community

Narcan Kits and training are available to our community through the Emergency Room department at Medina Memorial Hospital. If you have a Narcan kit that has expired you can bring that to the ER and obtain a new Narcan Kit along with the training needed in the case the Narcan Kit needs to be dispensed.
